ATTACKED. RESTORED. EMPOWERED!

"Jadie Hager's book is timely and will bring healing and freedom. I highly recommend this book to every believer, especially those who have suffered deep and enduring pain."

-Randy Hurst, communications director, Assemblies of God World Missions

When Jadie was eleven years old, three drunken men broke into her home and attacked her family, subjecting them to many forms of abuse. In the years that followed, Jadie struggled spiritually and emotionally with anger, fear, flashbacks, night terrors, and other side effects of the traumatic attack.

Yet, through determination and with the support of others, she learned to practice biblical truths and place her identity and authority in Christ. She accepted the love and lordship of Jesus in her situation. It was not an easy journey, but in the end she emerged totally healed and living a life of victory and joy. **Jadie now shares not just her story, but the power behind the biblical truths that led her from victim to victor-from pain to joy.** Her story is not about a night of abuse, but about a road to victory, available to all Christians.

"Grounded in biblical truth lived out through experience. A must read for anyone who has experienced trauma, loss, violence, or injustice, or for anyone who seeks to minister to a loved one with deep physical and/or emotional wounds."

-Dr. George O. Wood, general superintendent of the General Council of the Assemblies of God

"Jadie's story is one of victory, not defeat. Her total trust in the Lord to redeem heartbreaking experiences is revealed. . . .You'll want to read this book and share it with your friends and family."

-John M. Palmer, president of EMERGE Counseling Services, Akron OH
